

# Business Card Ordering Guide

1

## Choose Your Card

Classic Business Card 1 (**IWS-150693**) and Classic Business Card 2 (**IWS-151125**) are pre-approved templates.

2

## Select "Build Product"

3

## Input Your Quantity

Note: exact quantities must be ordered. (250, 500, 1,000, 2,500, 5,000, 10,000+)

**Please Note:** All items MUST have an imprint. If they are items that have a set template (mission cards IWS-151044, brochures IWS-151073, and folders IWS-150694), you will still have to follow the steps listed here, and write "As shown on site" in the text box. If an imprint is not added, the item will be ordered as blank.

4

## Select Your Imprints

Choose "**Contact information / Personalization**".

5

## Select "Follow Instructions Below"

Enter your information that corresponds with the template **in the text box**. In most cases, this will be your Name, Location, Title, Phone Number, and Email.

6

## Add to Cart

7

## Approve Your Proof

Our graphics team will send you a proof **via email**. Your item will not go into production until the proof is approved.

If you have any questions, please feel free to ask to your Program Manager!
